These reports have been sent to the State Government for getting inquires conducted into them, taking necessary action and submitting reports on action taken by the State Government. So far three reports have been received from the State Government. Details of incidents are enclosed as Statement. *(See* below).

The Central Government makes allocation of foodgrains to States and UTs under the Targeted Public Distribution System (TPDS) for all Below Poverty Line (BPL), including Antyodaya Anna Yojana (A A Y) on the basis of number of ration cards issued by the States/UTs or the Number of Households on the basis of poverty estimates of Planning Commission for 1993-94 and population projection of Registrar General of India as on 01.03.2000, whichever is less. While the allocation of foodgrains to States/UTs for BPL and AAY families are being made @ 35 Kg. Per family per month, for the APL families, the allocation are made depending upon availability of foodgrains in the Central pool and by linking them with offtake in previous years. Details of Allocation and Offtake of rice and wheat to West Bengal from 2002-03 is enclosed as Statement *(See* below).

The State Government has reported mat there have been no problems about allocation and distribution of foodgrains under the TPDS for BPL and AAY cardholdrs. The main reasons reported by the State Government for the agitation is improper distribution of wheat to APL cardholders by Fair Price Shop Dealers.

This issue has been taken up with the State Government for taking all necessary action to streamline functioning of TPDS in the State.

The State Government has reported reported initiation of suitable action against those responsible for malpractices in TPDS and violence against die FPS dealers.
